1. PROBLEM STATEMENT

The City of Hercules is located in the San Francisco Bay area, approximately 22 miles northeast of San Francisco on the northwestern edge of Contra Costa County. It is comprised of an area of approximately 18.2 square miles, of which, 6.2 miles is land and 12 square miles is water. The City is a densely populated urban areas consisting of single, multi-family homes, multiple affordable housing complexes, and large multi-building apartment complexes with more currently being reviewed by the planning commission. The City is home to a large B.A.R.T transit hub and with future plans of having an Amtrak and Ferry terminal on the City waterfront. Hercules is served by two major transportation routes (Interstate 80 and State Route 4) and a variety of transit options that help connect the City to the rest of the Bay Area and the state. San Pablo Avenue, which bisects the City, is part of the Historic Highway 40, the main artery into town prior to Interstate 80 being built. There has been two recent apartment complexes built in our city. City Council is currently considering added another complex off of John Muir Parkway. With the plans to increase housing there will also be plans to improve our transportation corridors . Due to the major transportation routes that pass through our city, there is a significant increase in commute traffic during morning and afternoon commute hours for drivers traversing the city limits towards their final destinations in San Francisco, Alameda, Solano, Sonoma, and Marin Counties.

San Pablo Avenue, is a major artery connecting the west Contra Costa County all the way through to Downtown Oakland. While the current population is approximately 26,100, the worker population within the city exceeds well over 28,600 from large companies such as Bio-Rad. This, combined with the transitory commuter population, swells the motor vehicle, motorcycles, bicycle and pedestrian traffic during heavy commute hours of 5am-10 and 3pm-8pm. The addition of the Bay Trail which stretches throughout the City of Hercules and across both the Richmond and Bay Bridges also brings a larger than previous number of bicyclists and pedestrians within the city limits.

The City of Hercules is located near many top tier Universities and colleges. The rents are lower than some of the more centrally located bay area cities and considered safer neighborhoods which make the city more desirable to college students commuting to and from school. UC Berkeley, Dominican University, USF, UCSF, Saint Mary's SFSU, Sonoma state and the Cal Maritime Academy are just some of the nearby universities. Most of the students are in their early twenties and are participating in college events and parties where alcohol and legalized marijuana is being used. After the social events, they are returning to Hercules via their chosen transportation method, altered and impaired.

The City of Hercules is a progressive city with a forward-thinking city government. To reduce vehicle crashes and entice more bicyclists, Hercules continues to upgrade their roadways. One of these upgrades includes the reduction of lanes on major arterial roadways while giving bicyclists more room to ride. Although this is a great idea, this too has brought more bicyclists to the city increasing the likelihood of additional crashes. The reduction of lanes has not slowed vehicles.

Over the past several years the City of Hercules has seen an increase in lawless dirt bike / motorcycle riding. These motorcycles ride wheelies up and down the roadway, on the wrong side of the roadway at times with no regard for anyone's safety. With our staffing levels as low as they are, and patrol officers inundated with calls for service, they are not able to address the violations as needed. Hercules has also seen an increase in crashes with a primary crash factor as speed over the past several years. For the Hercules Police Department to actively search for speeding offenders on our roadway, we would have to utilize officers on overtime but due to budgeting have rarely been able to establish overtime for traffic enforcement specifically toward speeding vehicles. All traffic related enforcement is handled by a sole traffic officer who is not Lidar/Radar certified.

The Hercules Police Department is currently authorized 27 sworn positions and has a current staff of 24 sworn positions. 1 Officer is in the Police academy and two are going to an academy soon. Our current staffing is not in line with the Cities goal of having 1 Officer per 1,000 residents, this is not to include the 3 command staff positions included in our authorized 27. The national standard for most law enforcement

agencies is 2.6 per 1,000 based on ICMAs Center of Public Safety. This standard puts Hercules below the national average for per capita staffing. Currently the Traffic Division that consists of 1 full time traffic officer. Due to only having 1 officer dedicated to traffic and not being able to patrol the whole city for traffic violations, the Hercules Police Department does not have any new radar trailers or special saturation patrols for speeding vehicle, phone violations, and or seatbelt violations.

The current Traffic officer as of 01/22/2024 has only attended ARIDE and Basic Traffic Crash investigation. This same Traffic officer is currently responsible for all traffic crashes in the city, traffic related complaints, traffic education, DUI PAS Training, PAS logs, Lidar/Radar certifications, traffic grants, and daily targeted traffic enforcement. With this reality, the bulk of traffic enforcement is completed by 1 officer for the entire City of Hercules. We currently have only 2 fixed speed signs and one speed trailer for the entire city. Our current Radar trailer is completely outdated and was purchased in 2016. Out of our two fixed speed signs, only one is currently in working order.

It should be noted that in 2023 Hercules PD had a total of 67 Traffic Crashes and along with a total of 26 injured in those crashes. 22 of those crashes had speed as their primary crash factors. In 2022 we had 52 Traffic Crashes along with 13 injured in those crashes. Although we have seen an increase in crashes due to more cars on the roadway, we have also seen an increase in speeding vehicles through the city of Hercules. Due to the limited number of officers who are only assigned to patrol and are not trained properly to operate a Radar/Lidar system, and only having one dedicated traffic officer who is also not Radar/Lidar certified, we have not been able to dedicate any officers to assist in decreasing the amount of speeding vehicles in the city. Our Officers, if on duty are only ever assigned to patrol with no time dedicated solely to traffic enforcement. With OTS support, the apparent increase in speeding vehicles and victim related crashes will be directly addressed, rather than another task for already overworked patrol officers. Most agencies in Contra Costa County are facing a similar issue and are suffering from extremely low staffing and morale. Hercules PD officers are well-trained and our staffing now would allow Hercules PD to address the issues in our city as well as assist our neighboring agencies throughout Contra Costa County.

Over the past three years the city of Hercules has seen an influx of drivers on our roadway. During our DUI Checkpoint, officers contacted well over 200 drivers coming into the city of Hercules over a 5-hour window. For the year 2021 Hercules experienced 40 traffic collisions which caused 13 injured parties. In 2022 we had 61 crashes in the city of Hercules resulting in 27 injuries. In 2023 we had 69 traffic collisions with 30 injuries. The top three primary collision factors for the last three years were #1 Unsafe speed resulting in 44 crashes, #2 Improper turning resulting in 29 crashes, and #3 Traffic Signals and signs resulting in 14 crashes.

The Hercules Police Department has the following statistics for the past 3 years:

Total Crashes: 170

Injury Crash Victims (Inquires): 70

Crash Fatalities: 0

Unsafe Speed Crash Victims: 30

B. Objectives:	Target Number
1. Issue a press release announcing the kick-off of the grant by November 15. The kick-off press releases and media advisories, alerts, and materials must be emailed to the OTS Public Information Officer at pio@ots.ca.gov, and copied to your OTS Coordinator, for approval 7 days prior to the issuance date of the release.	1

Participate and report data (as required) in the following campaigns; Quarter 1: National Pedestrian Safety Month, National Walk to School Day, National Teen Driver Safety Week, NHTSA Winter Mobilization; Quarter 3: National Distracted Driving Awareness Month, National Motorcycle Safety Month, National Bicycle Safety Month, National Click it or Ticket Mobilization; Quarter 4: National Speed Prevention Campaigns, NHTSA Summer Mobilization, National Child Passenger Safety Week, and California's Pedestrian Safety Month.	12
3. Develop (by December 31) and/or maintain a "DUI BOLO" program to notify patrol and traffic officers to be on the lookout for identified repeat DUI offenders with a suspended or revoked license as a result of DUI convictions. Updated DUI BOLOs should be distributed to patrol and traffic officers monthly.	12

7. Conduct DUI/DL Checkpoints. A minimum of 1 checkpoint should be conducted during the NHTSA Winter Mobilization and 1 during the Summer Mobilization. To enhance the overall deterrent effect and promote high visibility, it is recommended the grantee issue an advance press release and conduct social media activity for each checkpoint. For combination DUI/DL checkpoints, departments should issue press releases that mention DL's will be checked at the DUI/DL checkpoint. Signs for DUI/DL checkpoints should read "DUI/Driver's License Checkpoint Ahead." OTS does not fund or support independent DL checkpoints. Only on an exception basis and with OTS pre-approval will OTS fund checkpoints that begin prior to 1800 hours. When possible, DUI/DL Checkpoint screeners should be DRE- or ARIDE-trained.	2
8. Conduct DUI Saturation Patrol operation(s).	4

10. Conduct highly publicized Distracted Driving enforcement operation(s) targeting drivers using hand held cell phones and texting.	2

3. METHOD OF PROCEDURE	
A. Phase 1 – Program Preparation (1st Quarter of Grant Year)	

- The department will develop operational plans to implement the “best practice” strategies outlined in the objectives section.
- All training needed to implement the program should be conducted in the first quarter.
- All grant related purchases needed to implement the program should be made in the first quarter.
- In order to develop/maintain the “DUI BOLOs,” research will be conducted to identify the “worst of the worst” repeat DUI offenders with a suspended or revoked license as a result of DUI convictions. The DUI BOLO may include the driver’s name, last known address, DOB, description, current license status, and the number of times suspended or revoked for DUI. DUI BOLOs should be updated and distributed to traffic and patrol officers at least monthly.
- Implementation of the STEP grant activities will be accomplished by deploying personnel at high crash locations.

Media Requirements:

Issue a press release approved by the OTS PIO announcing the kick-off of the grant by November 15, but no sooner than October 1. The kick-off release must be approved by the OTS PIO and only distributed after the grant is fully signed and executed. If you are unable to meet the November 15 deadline to issue a kick-off press release, communicate reasons to your OTS grant coordinator and OTS PIO.

B. Phase 2 – Program Operations (Throughout Grant Year)

- The department will work to create media opportunities throughout the grant period to call attention to the innovative program strategies and outcomes.

Media Requirements

The following requirements are for all grant-related activities:

- Send all media advisories, alerts, videos, graphics, artwork, posters, radio/PSA/video scripts, storyboards, digital and/or print educational materials for grant-related activities to the OTS PIO at pio@ots.ca.gov for approval and copy your OTS grant coordinator. Optimum lead time would be 7 days before the scheduled release but at least 3 business days prior to the scheduled release date for review and approval is appreciated.
- Send all Powerpoint presentations, online presentations and trainings for grant-related activities to the OTS PIO at pio@ots.ca.gov for approval and copy your OTS grant coordinator. Certified training courses are EXEMPT from the approval process.
- The OTS PIO is responsible for the approval of the design and content of materials. The agency understands OTS PIO approval is not authorizing approval of budget expenditure or cost. Any cost approvals must come from the OTS grant coordinator.
- Pre-approval is not required when using any OTS-supplied template for media advisories, press releases, social media graphics, videos or posts, or any other OTS-supplied educational material. However, copy the OTS PIO at pio@ots.ca.gov and your OTS grant coordinator when any material is distributed to the media and public, such as a press release, educational material, or link to social media post. The OTS-supplied kick-off press release templates and any kickoff press releases are an exception to this policy and require prior approval before distribution to the media and public.
- If an OTS-supplied template, educational material, social media graphic, post or video is substantially changed, the changes shall be sent to the OTS PIO at pio@ots.ca.gov for approval and copy to your OTS grant coordinator. Optimum lead time would be 7 days prior to the scheduled release date, but at least 3 business days prior to the scheduled release date for review and approval is appreciated.
- Press releases, social media posts and alerts on platforms such as NextDoor and Nixle reporting immediate and time-sensitive grant activities (e.g. enforcement operations, day of event highlights or announcements, event invites) are exempt from the OTS PIO approval process. The OTS PIO and your OTS grant coordinator should still be notified when the grant-related activity is happening (e.g. car seat checks, bicycle rodeos, community presentations, DUI checkpoints, etc.).
- Enforcement activities such as warrant and probation sweeps, court stings, etc. that are embargoed or could impact operations by publicizing in advance are exempt from the PIO approval process. However, announcements and results of activities should still be copied to the

OTS PIO at pio@ots.ca.gov and your OTS grant coordinator with embargoed date and time or with "INTERNAL ONLY: DO NOT RELEASE" message in subject line of email.

- Any earned or paid media campaigns for TV, radio, digital or social media that are part of a specific grant objective, using OTS grant funds, or designed and developed using contractual services by a subgrantee, requires prior approval. Please send to the OTS PIO at pio@ots.ca.gov for approval and copy your grant coordinator at least 3 business days prior to the scheduled release date.
- Social media posts highlighting state or national traffic safety campaigns (Distracted Driving Month, Motorcycle Safety Awareness Month, etc.), enforcement operations (DUI checkpoints, etc.), or any other grant-related activity such as Bicycle rodeos, presentations, or events, are highly encouraged but do not require prior approval.
- Submit a draft or rough-cut of all digital, printed, recorded or video material (brochures, posters, scripts, artwork, trailer graphics, digital graphics, social posts connected to an earned or paid media campaign grant objective) to the OTS PIO at pio@ots.ca.gov and copy your OTS grant coordinator for approval prior to the production or duplication.
- Use the following standard language in all press, media, and printed materials, space permitting: Funding for this program was provided by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration.
- Space permitting, include the OTS logo on all grant-funded print materials, graphics and paid or earned social media campaign grant objective; consult your OTS grant coordinator for specifics, format-appropriate logos, or if space does not permit the use of the OTS logo.
- Email the OTS PIO at pio@ots.ca.gov and copy your OTS grant coordinator at least 21 days in advance, or when first confirmed, a short description of any significant grant-related traffic safety event or program, particularly events that are highly publicized beforehand with anticipated media coverage so OTS has sufficient notice to arrange for attendance and/or participation in the event. If unable to attend, email the OTS PIO and coordinator brief highlights and/or results, including any media coverage (broadcast, digital, print) of event within 7 days following significant grant-related event or program. Media and program highlights are to be reflected in QPRs.
- Any press releases, work plans, scripts, storyboards, artwork, graphics, videos or any educational or informational materials that received OTS PIO approval in a prior grant year needs to be resubmitted for approval in the current grant year.
- For additional guidance, refer to the [OTS Grants Materials Approval Process Guidelines](#) and [OTS Grants Media Approval Process FAQs](#) on the OTS website.
- Contact the OTS PIO or your OTS grant coordinator for consultation when changes from any of the above requirements might be warranted.

C. Phase 3 – Data Collection & Reporting (Throughout Grant Year)

1. Prepare and submit grant claim invoices (due January 30, April 30, July 30, and October 30)

2. Prepare and submit Quarterly Performance Reports (QPR) (due January 30, April 30, July 30, and October 30)

- Collect and report quarterly, appropriate data that supports the progress of goals and objectives.
- Provide a brief list of activity conducted, procurement of grant-funded items, and significant media activities. Include status of grant-funded personnel, status of contracts, challenges, or special accomplishments.
- Provide a brief summary of quarterly accomplishments and explanations for objectives not completed or plans for upcoming activities.
- Collect, analyze and report statistical data relating to the grant goals and objectives.

4. METHOD OF EVALUATION

Using the data compiled during the grant, the Grant Director will complete the "Final Evaluation" section in the fourth/final Quarterly Performance Report (QPR). The Final Evaluation should provide a brief summary of the grant's accomplishments, challenges and significant activities. This narrative should also include whether goals and objectives were met, exceeded, or an explanation of why objectives were not completed.

5. ADMINISTRATIVE SUPPORT

This program has full administrative support, and every effort will be made to continue the grant activities after grant conclusion.

GENERAL ASSURANCES

In accordance with the Acts, the Regulations, and other pertinent directives, circulars, policy, memoranda, and/or guidance, the Recipient hereby gives assurance that it will promptly take any measures necessary to ensure that:

"No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity, for which the Recipient receives Federal financial assistance from DOT, including NHTSA."

The Civil Rights Restoration Act of 1987 clarified the original intent of Congress, with respect to Title VI of the Civil Rights Act of 1964 and other non-discrimination requirements (the Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act of 1973), by restoring the broad, institutional-wide scope and coverage of these nondiscrimination statutes and requirements to include all programs and activities of the Recipient, so long as any portion of the program is Federally assisted.

SPECIFIC ASSURANCES

More specifically, and without limiting the above general Assurance, the Recipient agrees with and gives the following Assurances with respect to its Federally assisted Highway Safety Grant Program:

1. The prospective primary tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary tier participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
