1. The foregoing recitals are true and correct and are incorporated by reference into this action.
2. The 2023-2031 Housing Element was evaluated based on the requirements of the California Environmental Quality Act (CEQA), and pursuant to CEQA Guidelines section 15074, the Planning Commission has considered the associated Initial Study/Negative Declaration (IS/ND), incorporated herein as Exhibit B to this resolution, together with any comments received during the public review process and finds on the basis of the whole record before it that there is no substantial evidence that the project will have a significant effect on the environment.
