STAFF REPORT TO THE CITY COUNCIL

DATE: Regular Meeting of March 10, 2020

TO: Members of the City Council

SUBMITTED BY: Lori Martin, Administrative Services Director/City Clerk

David Biggs, City Manager

SUBJECT: Request for Reclassification of Planning Director to Community

Development Director

RECOMMENDED ACTION: Adopt a Resolution Approving the Reclassification of Planning Director to Community Development Director.

FISCAL IMPACT OF RECOMMENDATION: None.

DISCUSSION: City staff conducts reviews of its job classification plan and typically will update classifications as needed based on changes in the organization structure and service delivery needs. A classification and compensation study is currently underway where all job descriptions are being reviewed and updated to ensure they reflect current duties, responsibilities, and qualifications. The study is recommending a re-classification of the Planning Director position to Community Development Director. This position is responsible for overseeing planning, contract building inspection, and code compliance. The title of Community Development Director more accurately reflects the full scope of duties and responsibilities. Staff is in support of this change as it more accurately reflects the broader scope of community development duties performed.

Due to an upcoming vacancy and the need to conduct a recruitment, staff is recommending approval of this title change ahead of the acceptance of the classification and compensation study. There is no recommended salary change and therefore no fiscal impact.

A job description for Community Development Director is attached hereto and if approved would be an exempt professional level position.

ATTACHMENTS:

- 1. Resolution
- 2. Community Development Director Job Description

RESOLUTION NO. 20-

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF HERCULES AUTHORIZING A RECLASSIFICATION OF THE POSITION OF PLANNING DIRECTOR TO COMMUNITY DEVELOPMENT DIRECTOR

WHEREAS, City staff conducts reviews of its job classification plan and periodically will propose updates to classifications as needed based on changes in the organization structure and service delivery needs; and

WHEREAS, a classification and compensations study is currently underway where all job descriptions are being reviewed and updated to ensure they reflect current duties, responsibilities, and qualifications; and

WHEREAS, City staff is proposing a reclassification of Planning Director to Community Development Director independent of the classification and compensation study being accepted so that staff can recruit for a full time employee to fill an upcoming vacancy; and

WHEREAS, a new job description for Community Development Director, attached hereto, identifies the duties, responsibilities and qualifications of the position; and

WHEREAS, there is no change to the salary range, therefore the Community Development Director classification will be assigned to the same salary range and grade as the Planning Director classification which is salary range 056 on the Senior Management Unrepresented salary schedule.

NOW, THEREFORE, BE IT RESOLVED: the City Council of the City of Hercules does hereby approve the reclassification of Planning Director to Community Development Director and authorizes the Community Development Director job description, attached hereto, be added to the City's Classification Plan and approves the assigned salary range of Grade 056 of the Senior Management Unrepresented salary schedule effective immediately after adoption of this Resolution.

The foregoing Resolution was duly and regularly adopted at a regular meeting of the City Council of the City of Hercules held on the 10th day of March, 2020 by the following vote of the Council:

STAFF REPORT TO THE CITY COUNCIL

DATE: Regular Meeting of March 10, 2020

TO: The Mayor and Members of the City Council

SUBMITTED BY: Michael Roberts, Public Works Director/City Engineer

SUBJECT: Fiscal Agreement Amendment for the Pinole-Hercules Wastewater

Treatment Plant Upgrade Project

RECOMMENDED ACTION:

Adopt a resolution approving an amended Fiscal Agreement for the Pinole-Hercules Wastewater Treatment Plant Upgrade Project.

FISCAL IMPACT OF RECOMMENDATION:

There is sufficient funding in the Sewer Fund to cover the cost of the amendment.

DISCUSSION:

The Cities of Pinole and Hercules previously entered into a Fiscal Agreement in February 2015 for the much-needed Pinole-Hercules Wastewater Treatment Plant Upgrade Project. The Fiscal Agreement ensures there is sufficient cash flow for the shared cost of the Project given the construction schedule and terms of the State Revolving Fund Loan each City received from the State.

The Project was awarded to Kiewit Infrastructure West who started work in May 2016 and achieved substantial completion October 2019. The Project faced many challenges throughout the duration of construction that resulted in change orders which have expended the available contingency programmed in the Fiscal Agreement. The Wastewater Subcommittee has been kept informed of the declining contingency balance. At the last meeting of the Subcommittee on September 5, 2019, the balance was projected into the negative.

Carollo Engineers is currently working to finalize the costs associated with the last of the change orders. It is necessary to increase the programmed contingency in the Fiscal Agreement to address these last change orders as well as work toward resolving several claims and potential claims.

The amendment is necessary to provide funding to complete the project, prepare a proposed final pay estimate, and file a notice of completion. Without it, the City will not be able to compensate Kiewit for agreed upon extra work and work to resolve the claims and potential claims.

AMENDED FISCAL AGREEMENT FOR IMPROVEMENT OF PINOLE HERCULES WATER POLLUTION CONTROL PLANT

THIS FISCAL ADMINISTRATOR AGREEMENT (this "**Agreement**") was entered into on the 19th day of February 2015 and amended on the 10th day of March 2020 by and between the CITY OF PINOLE, a municipal corporation ("**Pinole**,") and the CITY OF HERCULES, a municipal corporation ("**Hercules**"), which is jointly referred to in this Agreement as the "**Parties**."

RECITALS

- **WHEREAS**, the Pinole-Hercules Water Pollution Control Plant (the "**WPCP**") is located along the shoreline of San Pablo Bay at 11 Tennent Avenue within the city limits of Pinole; and
- **WHEREAS**, the WPCP was constructed in 1956 to treat wastewater generated only by Pinole; and
- **WHEREAS**, in 1971, the Cities of Pinole and Hercules entered into a joint use agreement, which included expansion and upgrades to the WPCP to treat wastewater effluent from Hercules; and
- **WHEREAS**, the operating permit with the California Regional Water Quality Control Board (RWQCB) is in the name of Pinole; and
- **WHEREAS**, the plant is operated, maintained and administered by Pinole, pursuant to a 2001 joint powers agreement with Hercules (the "**Wastewater Agreement**"); and
- WHEREAS, treated wastewater from the WPCP is discharged from a deep water outfall known as "Outfall 001" (which also includes treated wastewater from the Rodeo Sanitary District ("RSD")); and
- WHEREAS, During periods of heavy rainfall from winter storm events, a portion of the WPCP effluent is discharged from a shallow water or near shore outfall known as "Outfall 002"; and
- **WHEREAS**, the WPCP currently has an average dry weather flow capacity of 4.06 million gallons per day (mgd) and a wet weather capacity of 10.3 mgd; and
- **WHEREAS**, effluent discharged from the WPCP is regulated by the California Regional Water Quality Control Board, San Francisco Bay Region ("**RWQCB**"), under the National Pollutant Discharge Elimination System ("**NPDES**"); and

WHEREAS, The NPDES permit issued in March of 2007 included a requirement that Pinole, as the permit owner, must examine alternatives and implement improvements to reduce the use of the shallow-water Outfall 002, and eliminate blending of primary and secondary-treated effluent, which occasionally occurs during periods of high rainfall during winter storm events; and

WHEREAS, in response to the need to upgrade wastewater treatment infrastructure, Pinole designed an upgrade project for the WPCP to comply with the requirements of the NPDES permit (the "**Project**"); and

WHEREAS, in August of 2012, the RWQCB issued a revised NPDES permit for the WPCP specifically intended to avoid construction of a parallel outfall pipeline that had been studied in the 2010 Environmental Impact Report, concluding that the additional cost of such a parallel outfall pipeline would be better spent on improvements to the collection system to reduce infiltration and the need to use the emergency outfall; and

WHEREAS, the August 2012 NPDES permit now requires the WPCP provide full secondary treatment for influent flows up to 20 mgd, discharge treated effluent up to 14.6 mgd to Outfall 001, and to limit use of Outfall 002 to flows in excess of 14.6 mgd; and

WHEREAS, the August 2012 NPDES permit further allows diversion of excess flow to the emergency outfall under the bypass conditions, provided that the peak wet weather influent flow exceeds 14.6 mgd after the effluent pump upgrades are completed and put into service, that the discharge complies with effluent and receiving water limitations, and the facility is properly operated as designed. The WPCP operator must report incidents of blending or use of the emergency outfall, or both, in routine monitoring reports. The compliance schedule in the 2012 NPDES permit requires upgrades to be operational by June 1, 2017; and

WHEREAS, Pinole and Hercules began preparation of a preliminary design for the WPCP to identify the treatment and conveyance upgrades needed to meet the current 2012 NPDES permit requirements for a redesigned Project; and

WHEREAS, the Wastewater Agreement between Pinole and Hercules requires each Party to share equally in the costs of the Project, for which Kiewit bid \$43,143,000; and

WHEREAS, in order to finance their share of the upgrade Project, Pinole and Hercules have each submitted separate loan applications to the Clean Water State Revolving Fund ("**CWSRF**") program from the United States Environmental Protection Agency, which is administered by the State of California; and

WHEREAS, this Agreement is necessary in order to ensure sufficient cash flow requirements are met for the Project given the CWSRF funding requirements and the construction schedule for the Project; and

WHEREAS, this Amendment is necessary in order to ensure that sufficient contingency is available to meet the Project needs given the current status and the prolonged construction schedule for the Project; and

WHEREAS, it is the desire and intent of the Parties, without in any way surrendering the sovereignty of their respective governmental authority, to enter into this Agreement to set forth the basis for sharing costs, and administering the payments for the Project to contractor(s); and

WHEREAS, In the event that CWSRF funding is not approved by the State, then the Parties shall seek alternative financing, recognizing that time is of the essence in order for the Project to proceed; and

WHEREAS, it is the desire of both parties to obtain a Third Party Fiscal Administrator to oversee and manage the Project Account during construction and until final completion of the project to assure financial responsibility and accountability.

STAFF REPORT TO THE CITY COUNCIL

DATE: Regular Meeting of March 10, 2020

TO: Members of the City Council

SUBMITTED BY: David Biggs, City Manager

Michael Roberts, Director of Public Works

SUBJECT: Initial Review of Landscape & Lighting Assessment District 83-2 FY 20-21 Budgets and Discuss Possible Direction

RECOMMENDED ACTION: Receive report, discuss, and provide direction, if any.

FISCAL IMPACT OF RECOMMENDATION: None as a direct result of this report. The City has been addressing the need to replace hollow-core wood streetlight poles and to eliminate operating and cumulative deficits in some Zones of Landscape & Lighting Assessment District (L&LAD) 83-2 over the past four years. Zone 6 continues to see an operating deficit even with substantial service reductions and streetlight replacement is still needed. Zones 3 & 4 are also in need of streetlight replacement. Should the Council wish to ballot in either Zones 3 & 4, or Zone 6, there would be costs associated with the balloting. The estimated cost to notice and ballot the parcels in Zones 3 & 4 (approx. 840 parcels) is \$4,600 and the parcels in Zone 6 (approx. 970 parcels) is \$5,200. This estimate includes preparation of the notices (color bi-folded 11" x 17") and ballots (colored card stock), printing & mailing services (including outgoing and return postage), and ballot tabulation.

DISCUSSION: City staff and our L&LAD engineer have completed an initial look at the FY 20/21 budgets for the Citywide L&LAD 83-2 which has the individual neighborhood based zones together with a citywide zone. These projections start with the final results for the 18/19 fiscal year and the anticipated 19/20 results based upon the recently completed mid-year review.

Attachment 1 is a base projection which assumes that we do not ballot in the two remaining Zones (3 & 4, and 6) where streetlight replacement is still needed and in the case of Zone 6 where cumulative and operating deficits remain. As you will see, Zone 6 continues to have an operating deficit even with the service reductions previously implemented which include no streetlight or landscape maintenance. Zones 3 & 4 show an operating deficit due to \$20,000 in one-time costs for V-ditch cleaning, though that is covered by available reserves, so the only issue in Zones 3 & 4 is the need to replace the failing hollow-core wood pole streetlights. It should be noted that streetlight maintenance has also been suspended in Zones 3 & 4 as maintaining failing streetlights did not seem to be fiscally prudent.

Generally, all Zones have benefitted from lower transfers for their share of arterial costs as a number of larger repair and maintenance efforts have been completed, together with lower electrical costs for arterial streetlights given the streetlight replacement project which has been completed with lower cost energy efficient LED streetlights. In addition, these factors, together with lower costs for the new LED streetlights, has seen improved finances in Zone 1 (Hercules by the Bay), as that Zone's operating deficit has been eliminated and shows capacity for repayment of the cumulative deficit over time. The lower cost to acquire and install the new streetlights also assisted with this financial turnaround for Zone 1, and has also improved the finances in Zone 7 (Refugio Heights) as well.

This item is being presented so the City Council can provide preliminary direction as to whether or not to consider balloting in Zones 3 & 4, and Zone 6 for increased assessments. As noted above, for Zones 3 & 4, the increased assessments would be for replacement of streetlights which would also see a reduction in operating expense as a result. For Zone 6, there is still a need to eliminate the annual operating deficit, a cumulative deficit, and to replace streetlights. However, for 20/21, if the City were to ballot, we suggest just balloting to replace the streetlights on Village Parkway and not in the Westwood Duets, as the City is exploring the opportunity to transfer those lights to the HOA as the roads and other improvements in that neighborhood are all private. Attachment 2 is a projected budget which illustrates this scenario. In addition, what the assessment increases would be for FY20/21 are shown below:

Zone 3&4

Zone ou i	
Current FY 2019-20 Assessment	\$80.33
Assessment to eliminate annual deficit	\$0.00
Assessment to eliminate cumulative deficit (over 10 years)	\$0.00
Assessment to replace wooden poles (financed over 10 years)	<u>\$56.01</u>
	\$136.34
Zone 6	
Current FY 2019-20 Assessment	\$30.38
Assessment to eliminate annual deficit	\$40.27
Assessment to eliminate cumulative deficit (over 10 years)	\$20.56
Assessment to replace wooden poles along Village Parkway (financed over 10 years)	<u>\$10.79</u>
	\$102.00

Given the strategy to not replace the Westwood Duet lights at this time, the City would ballot on just a single assessment rate for the entirety of Zone 6 instead of the two tier rate balloted upon in the prior iteration.

The next step in the annual L&LAD renewal process would be to have the City Council adopt a resolution of intention which also calls for the preparation of the Engineer's Report; as such, that would be the point in time when a decision on balloting for increased assessments above a CPI inflator would be made.

STAFF REPORT TO THE CITY COUNCIL

DATE: Regular Meeting of March 10, 2020

TO: Members of the City Council

SUBMITTED BY: David Biggs, City Manager

SUBJECT: Business License Update

RECOMMENDED ACTION: Receive report, discuss, and provide direction, if any.

FISCAL IMPACT OF RECOMMENDATION: None as a result of this item. The annual revenue generated from the City's existing business license tax is expected to be \$197,000.

DISCUSSION: On September 24, 2019, in response to a request of Council Member Romero, the City Council agreed to have a discussion about the City's business license tax. This item has been prepared in response to that request and is intended to provide background information on the existing business license tax.

The City's existing business license tax dates back to the adoption of Ordinance 221 in 1985. The current code, which incorporates all changes since that initial adoption, is attached (Attachment 1). A survey of business license tax related ordinances shows there have been minor amendments as encapsulated in the current code. The current business license fees are included in the annual Master User Fee Schedule which was last updated on June 25, 2019, and the current business license fees appear on pages 17-18 (Attachment 2).

The business license tax was most recently discussed by the City Council in December, 2018, when the Council received an updated Administrative Policy for the business license tax associated with the implementation of an audit and recommendations which arose out of that process (Attachment 3). In addition, in July, 2017, the Council approved a temporary waiver of the business license tax for Parks & Rec fee class providers and on City Professional Services Contracts (Attachment 4).

Prior revisions included items like redefining the tax year, creating a category for Farmer's Market participants, and imposing delinquency penalties, among others. These staff reports all referred to the revisions having been reviewed by the City Attorney's office and it having been determined that the changes/revisions did not trigger a Proposition 218 voter approval requirement. This is a key factor which the Council needs to take into consideration when discussing possible revisions to the existing business license tax.

Since the existing business license tax ordinance dates back to 1985, it was adopted prior to Proposition 218, which was enacted by the voters in November 1996. California voters passed Proposition 218, the "Right to Vote on Taxes Act" as a state constitutional amendment to limit the methods by which local governments can create or increase taxes, fees and charges without taxpayer consent. Certain types of changes or revisions to the existing business license tax could trigger the requirement for voter approval. Any change which may be considered an increase, as discussed further in the attached excerpt from a League of California Cities Proposition 26 and 218 Implementation Guide (Attachment 5), would require voter approval. As such, any potential changes or revisions under consideration should be reviewed with the City Attorney in regard to the requirements of Proposition 218.

STAFF REPORT TO THE CITY COUNCIL

DATE: Regular Meeting of December 11, 2018

TO: Members of the City Council

SUBMITTED BY: Patrick Tang, City Attorney

SUBJECT: Business License Tax Administrative Policy

RECOMMENDED ACTION:

Informational Only, no action is required by the City Council at this time.

FISCAL IMPACT OF RECOMMENDATION:

Unknown at this time. The audit is expected to result in additional revenue to the City.

DISCUSSION:

Recently the City contracted with Avenu to administer the Business Licenses on an on-going basis and conduct audits in compliance with the Business License Tax Ordinance which is set forth in Chapter 6 of the Municipal Code. Several questions were raised by Avenu regarding the implementation of the Business License Tax Ordinance which have been reviewed by staff in consultation with the City Attorney's Office. In response to Avenu and in order to provide guidance to staff, the points of clarification have been incorporated into the attached Administrative Policy promulgated by the City Manager.

A key component of the Administrative Policy is an amnesty option that would allow the Finance Director or his or her designee to waive penalties and past business license taxes owed if a noncompliant business secures a business license within 180 days of being notified.

STAFF REPORT TO THE CITY COUNCIL

DATE: Regular Meeting of July 25, 2017

TO: Members of the City Council

SUBMITTED BY: Christopher Roke, Parks & Recreation Director

Annie To, Finance Director

SUBJECT: Resolution Adopting a Temporary Waiver of Business Licenses for Fee Class

Contractors and City Professional Service Contracts

RECOMMENDED ACTION:

Approve a Resolution Establishing a Temporary Waiver of Business Licenses for Fee Class Contractors (up to \$20,000 per year in value) and City Professional Services Contractors.

COMMISSION/SUBCOMMITTEE ACTION AND RECOMMENDATION:

N/A

FISCAL IMPACT OF RECOMMENDATION:

While the City is able to collect money on the requirement to obtain a Business License for Fee Contract Class Contractors, it is losing money overall due to the paperwork and cost. In addition, some contractors are choosing to no longer do business with the City. Recommended changes to the City's Municipal Code for Business License fees will help the department attract and retain quality Fee Class Contractors which in turn will help generate more revenue and reduce the overall deficit in Parks and Recreation Department.

The City's standard professional services contracts require the vendor to secure a business license. However, the cost of the business license is a reimbursable expense. As such, the current process does not result in additional revenue.

DISCUSSION:

The Parks & Recreation Department has identified that our ability to secure Fee Class Contractors is being impacted by the requirement that the contractors secure a business license. As a result, there are less options available to the community for these types of offerings, as contactors sometimes decline to provide services to the City due to the paperwork and expense required to comply with the business license requirements. This also means that the Parks & Recreation Department is losing out on revenue generating programs. For those contractors that are starting out, or those that are earning a minimal amount of money, it is not worth it to offer classes. Some of the bigger Fee Class Contractors are choosing not to return or have already left because of the costs associated with the requirements to purchase a business license and to provide insurance.

In a recent survey regarding the requirement to obtain a Business License to teach a Fee Class for the community, here is a list of what others are doing.

- Cities that require a business license include Alameda, Fremont, Hayward (HARD), Dublin and Union City.
- Cities that only require a business license under special circumstances include Danville, El Cerrito, Oakley and Richmond.
- Cities that do not require a business license include Concord, Kensington, Martinez, Moraga and San Leandro.

The following is a list of cities that have special circumstances, and what those circumstances are:

- Danville: Fee Class Contractors only pay for a business license if they make over \$10,000 in a fiscal year. If they make less than \$10,000, they complete an exemption form.
- El Cerrito: Fee Class Contractors agree to purchase a City business license if the Contractor's total payment exceeds \$8,500 in a fiscal year (July 1 June 30).
- Oakley: Fee Class Contractors are required to obtain a business license, but they have a fee exemption for businesses that make under \$20K/year. All of their Fee Class Contractors fall in this category.
 - o However there is a \$1 state fee that is not waived. So their Fee Class Contractors pay \$1 annually for a business license.
- Richmond: Fee Class Contractors only pay for a business license if they make <u>more than \$5,000</u> a year.

Most of our Fee Class Contractors here in Hercules do not make more than \$5,000 annually, as such a pilot temporary waiver program is recommended for the Fee Class Contractors and for City Professional Services Contractors.

The City is currently in the process of contracting out the administration and processing of business licenses. Once the vendor for that program is selected, it is anticipated that they will also identify needed or desirable changes and updates to our business license ordinance. The pilot temporary waiver program would be reviewed as part of this effort and if effective and desirable, could then be codified into whatever global changes are recommended.

RESOLUTION NO. 17-___

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF HERCULES AUTHORIZING THE TEMPORARY SUSPENSION AND/OR WAIVER OF BUSINESS LICENSE TAX REQUIREMENTS FOR ENTITIES PROVIDING FEE CLASS INSTRUCTION THROUGH THE PARKS AND RECREATION DEPARTMENT AND CONTRACTORS PROVIDING PROFESSIONAL SERVICES TO THE CITY

WHEREAS, the City's current Business License Tax requirements, codified in the Hercules Municipal Code at Title 8, Chapter 6, calls for payment of a business license fee on an annual basis; and

WHEREAS, the application of business license requirements creates an unnecessary burden on the City's administrative staff; and

WHEREAS, the business license compliance requirements create a disincentive for small businesses providing instructional and educational services and contractors doing business with the City of Hercules; and

WHEREAS, granting staff the authority to suspend and/or waive on a temporary one year basis the business license requirements for Fee Class Contractors who provide instructional and educational services and that earn less than \$20,000 a year, and contractors doing business with the City of Hercules, is in the best interests of the City as it will reduce the compliance burden on staff and make it easier for contractors and service providers to do business with the City; and

WHEREAS, the City is currently in the process of evaluating the contracting out of the administration and processing of business licenses, and the temporary suspension and/or waiver would be reviewed as part of this effort and could be codified into whatever global changes to the City's Business License Program are recommended.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Hercules that effective immediately upon passage and for a period of one (1) year thereafter, the City Manager is granted the authority to allow staff to grant the suspension and/or waiver of business license requirements for Fee Class Contractors that earn less than \$20,000 and contractors providing professional services to the City.

III. Voting Requirements for Special and General Taxes

Section 2 of Article XIII C provides that a local agency cannot "impose, extend or increase" any general tax unless and until that tax is submitted to the electorate and approved by a majority vote, nor any special tax unless and until that tax is submitted to the electorate and approved by a two-thirds vote. Similarly, Sections 54722 and 53723 of the California Government Code, which were enacted in 1986 by Proposition 62, a statutory initiative inapplicable to charter cities (Trader Sports, Inc. v. City of San Leandro (2001) 93 Cal. App. 4th 37, 49), require such approval to "impose" any general or special tax. The voter approval requirement for special taxes dates back to 1978's Proposition 13 in 1977, by which the voters enacted section 4 of article XIII A of the California Constitution to require two-thirds voter approval to "impose" any special tax.

Since the voters approved Proposition 218 in 1996, the California courts and the Proposition 218 Omnibus Implementation Act, Government Code sections 53750–53758, have supplied guidance on what it means to "impose, extend or increase" a tax.

A. Impose

"Impose means" a local agency's initial enactment of a tax. At least for purposes of determining the application of the statute of limitations of Code of Civil Procedure section 338, subdivision (a) [three years for liability arising from statute], "impose" also means "continue to impose" or the continued collection of a tax. (Howard Jarvis Taxpayers v. La Habra (2001) 25 Cal 4th 809, 823-824; but see Barratt American, Inc. v. City of Rancho Cucamonga (2005) 37 Cal.4th 685, 702-703 [time to challenge development impact fee under Gov. Code, § 66022 runs from adoption, not collection, of fee].) A local agency does not "impose" a tax within the meaning of Proposition 218 when it applies an existing tax to newly annexed territory, within which the tax did not previously apply. (Citizens Assn. of Sunset Beach v. Orange County LAFCO (2012) 209 Cal. App. 4th 1182, 1195 [Prop. 218 did not displace similar ruling of Metropolitan Water District v. Dorff (1979) 98 Cal. App.3d 109 under Prop. 13 because its provisions are silent as to annexation].) In contrast, a local agency does "impose" a tax within the meaning of Proposition 218 when it applies an existing tax to a new category of taxpayers who the local agency previously did not tax. (Gov. Code, § 53750, subd. (h)(1)(B) [Prop. 218 Omnibus Implementation Act of 1997].)

Some have also questioned whether a local government "imposes" a tax that originates from an initiative, rather than from a proposal of the local legislature. California Cannabis Coalition v. City of Upland (2017) 3 Cal.5th 924, 936–945, held that Proposition 218's requirement that voters approve general taxes at regularly scheduled elections does not apply to citizen-sponsored tax initiatives, construing "local agency" as used in the measure to include only government officials. The court's analysis, however, can be read to suggest that such citizen-sponsored taxes are not "imposed" by local government at all and, as a result, arguably do not trigger any part of Proposition 218. (id. at pp. 939-940.) As a result, some commentators have suggested that citizens could, for example, sponsor a special tax without triggering the 2/3-vote requirement. Until some further decision by a California appellate court, however, the most conservative reading of California Cannabis Coalition is a narrow one, limited to the specific question it resolved.

B. Extend

Government Code section 53750, subdivision (e) provides that a tax has been extended if there is "a decision by an agency to extend the stated effective period of the tax ..., including but not limited to, amendment or removal of a sunset provision or expiration date." Extending a sunset date or effective period for a tax requires voter approval under article XIII C, section 2, subdivision (c). (White v. State of California (2001) 88 Cal.App.4th 298, 316 ("[T]he prohibition against extending taxes without a vote means a prohibition against extending the imposition of a tax for a continued time period.").) However, application of taxes, assessments, and fees to newly annexed territory does not "extend" them within the meaning of Proposition 218. (Citizens Assn. of Sunset Beach v. Orange County LAFCO (2012) 209 Cal. App. 4th 1182, 1195 [""[E]xtend" is normally thought of in terms of time, not geographic areas, particularly in the context of taxation."1.)

C. Increase

Government Code section 53750, subdivision (h)(1) provides that a local government "increases" a tax when it does either of the following: "[i]ncreases any applicable rate used to calculate the tax ... [or] [r]evises the methodology by which the tax ... is calculated, if that revision results in an increased amount being levied on any person or parcel." "A tax is increased if the math behind it is altered so that either a larger tax rate or a larger tax base is part of the calculation." (AB Cellular LA, LLC v City of Los Angeles (2007) 150 Cal.App.4th 747, 763.) A "methodology, under section 53750, refers to a mathematical equation for calculating taxes that is officially sanctioned by a local taxing entity." (Id.) A local government increases a tax within the meaning of Proposition 218 if it revises its methodology due to external factors, such as a change in federal law. (See id. [federal statute eliminating Commerce Clause prohibition on taxing all cellular services did not authorize the city to tax cellular services not previously taxed without voter approval].)

A tax "shall not be deemed to have been increased if it is imposed at a rate not higher than the maximum rate so approved [by voters]." (Cal. Const., art XIII C, § 2, subd. (b).) Similarly, Government Code section 53750, subdivision (h)(2) provides that a tax is not "increased" if a local agency does either of the following: "[a]djusts the amount of a tax ... in accordance with a schedule of adjustments, including a clearly defined formula for inflation adjustment that was adopted by the agency prior to November 6, 1996 [or] [i]mplements or collects a previously approved tax ... so long as the rate is not increased beyond the level previously approved by the agency, and the methodology previously approved by the agency is not revised so as to result in an increase in the amount being levied on any person or parcel."

Government Code section 53739 authorizes a local agency to submit a tax measure to the voters to approve a range of rates or amounts and to approve a clearly identified formula for inflation adjustments of a tax. However, when a tax is measured as a percentage — such as a percentage of a utility charge or of a hotel room rent — it cannot include an inflation adjustment. For example, a business license tax imposed at a rate of 0.1 percent of gross receipts cannot include an inflation adjustment because it is imposed as a percentage. Such taxes are self-inflating as the tax base rises with inflation, so there is no need to inflate the tax rate, too. In contrast, a business license tax imposed at a flat rate of \$20 per employee can include an inflation adjustment.

Subsequent increases in a tax in accordance with a voter-approved measure do not require further voter approval. (Gov. Code, § 53739, subd. (a).) In addition, a local agency "can enforce less of a local tax than is due under a voter approved methodology, or a grandfathered methodology, and later enforce the full amount of the local tax due under that methodology without transgressing Proposition 218." (AB Cellular LA, LLC v City of Los Angeles (2007) 150 Cal App. 4th 747, 764.)

▶ PRACTICE TIP:

If a local agency decides to collect a previously approved tax at a rate lower than was authorized by the voters, the documentation lowering the tax should be very clear that the reduction is temporary and that there is no "increase," which requires voter approval, when the rate is restored. This can be accomplished by adopting the tax reduction by a resolution that has a stated expiration date. The reduction can then expire without any further legislative action that can be characterized as a tax "increase." That expiration date can later be extended while still preserving this defense to a claim that the end of the tax reduction is an increase.

Finally, a local agency does not increase a tax if "higher payments are attributable to events other than an increased rate or revised methodology, such as a change in the density, intensity, or nature of the use of land." (Gov. Code, § 53750, subd. (h) (3).) Further, a local agency has not increased a tax by applying an existing tax to newly annexed territory (*Citizens Assn. of Sunset Beach v. Orange County LAFCO* (2012) 209 Cal. App. 4th 1182, 1195) or receiving increased rate revenue from wholesale customers and not retail rate payers (*Webb v. City of Riverside* (2018) 23 Cal.App.5th 244, 260). Nor does a transfer of funds previously collected that has no effect on rates constitute an increase. (*Id.* at 258-259.)
