Subject: A Public Comment for Tonight's Council Meeting

Greetings to all.

I'd like to thank the members of the City Council, Lori Martin and the residents of the City of Hercules for the opportunity given tonight.

I am Celsa Taraya - Candidate for the City of Hercules Council 2020 elections.

As a newbie in the realm of politics, my start was a bit rough and edgy. Thanks to my mentors, advisers, friends and relatives who have been that route before. As days go by, my journey eased up a bit because of their experiences shared. I studied, listened, researched, read to gain confidence and knowledge, to know how to stumble forward, ask questions and accept mistakes made.

Your support overwhelm me. Your selfless care, love and belief that I can make a difference will carry me through.

The one thing I can offer to all of you when elected is the unrelenting dedication to serve the Hercules residents in the areas of need. My boss is you.

"United We Achieve What We Believe"
