Subject: Support of Gerard Boulanger and Dan Romero for Re-election

Hello,

I would like to encourage everyone to re-elect Gerard Boulanger and Dan Romero for City Council. In my work with Gerard and Dan I have found them to be truthful, precise and very in tune with what our City needs. They have helped lead us out of our very dark times with a vision that both creates a strong financial base and an eye towards the future. They have also always responded to every request I have ever made to the City Council, something I cannot say about the other members. I will be voting for both this year and I encourage anyone who wants to see our City continue to prosper to vote for them also.

Thanks,

David Kavanaugh
