Subject: City Council Meeting 10/28 - Public Comment

Hello, I would like the below message to be read during today's City Council meeting as a public comment.

Hello my name is Gary Peregil and I support Irina Galieva for Hercules City Council. She is a true Herculean and cares about our diverse community. Irina focuses on public safety, engagement, and maintaining Hercules beauty. I appreciated her organizing the Refugio Valley Park cleanup event last weekend and can't wait to see what wonderful volunteer ideas she comes up with next. She is a public servant with a proven record as she has served on the Hercules Planning Commission for the last four years and is the current chair. Irina is essentially exactly what Hercules needs to continue to be the place where everyone wants to live, grow their families and bring in business! Vote for Irina Galieva!

Thank you,
Gary Peregil
