

STAFF REPORT TO THE CITY COUNCIL

DATE: Meeting of February 27, 2018

TO: Members of the City Council

SUBMITTED BY: David Biggs, City Manager

Annie To, Finance Director

SUBJECT: FY 2017-18 Mid-Year Budget Review and Adopt a Resolution Approving Various

Mid-Year Budget Appropriations and Adjustments

RECOMMENDED ACTION:

Receive a report on the FY 2017-18 mid-year budget review and adopt a resolution approving various mid-year budget appropriations and adjustments.

FINANCE COMMISSION AND RECOMMENDATION:

The mid-year review was presented to the Finance Commission on February 26, 2018. Any Commission comments will be provided to the City Council at the meeting.

FISCAL IMPACT OF RECOMMENDATION:

The Discussion section below gives a synopsis of the General Fund and Wastewater Fund. There will be increases and decreases to a variety of revenue and expenditure accounts (budget appropriations).

DISCUSSION:

Prior Year Results

With the completion of the audit for FY 2016-17, prior fiscal year end results are being provided for the same two funds being covered in the Mid-Year review and are shown in Chart 1 General Fund and Chart 2 Wastewater Fund, in order to provide the City Council with a point of reference for the overall status of these funds.

Mid-Year Budget Review

The purpose of the mid-year budget review is to determine if the City's revenues and expenditures for the current fiscal year are tracking appropriately and if any adjustments are necessary. Departments are charged to operate within their adopted budgets, to utilize already appropriated funding, and to manage within their overall budget. In order to have a more refined projection, the data used in developing the mid-year reflects revenues and expenditures booked through mid-February. Adjustments recommended at this point in the fiscal year would be for those items of significance which have arose after the adoption of the budget and which cannot be handled within the already appropriated amounts or where an error or oversight in the adopted FY 2017/18 budget needs to be corrected. The mid-year budget review also serves as a more refined starting point for the development of the proposed budget for the next fiscal year.

Most line-items were projected using a straight-line approach based on Year to Date extrapolated out to the end of the fiscal year. The Finance Director and City Manager did review the initial straight-line projections and modified them where necessary to ensure a more refined projection based on known timing or other impacts. For example, property tax revenues were projected to be the budgeted number given three factors — our property tax consultant's projections, the timing of property tax receipts, and factoring in a higher level of property owners having paid both installments in December in order to avoid impacts of changes in Federal tax laws. The projection also assumes that all Decision Packages are completed or carried-over.

In addition, attached is a Decision Package Status Update (Attachment 2) as requested by the City Council.

GENERAL FUND

As of February 17, 2018, the General Fund has received revenue of \$7.4 million and expended approximately \$9.0 million. Chart 3 – FY17-18 General Fund Revenue and Expenditure

The recommended appropriations fall into the following categories:

- Items 1-2: Carryover of prior year's capital allocations for projects that did not proceed until FY 2017/18.
- Items 3-4: A new Community Facilities District was formed to maintain the retention basin adjacent to Muir Pointe and the revenues and expenditures need to be added.

Items 5: The City will be receiving additional gas tax revenues as a result of SB 1. Funding is requested to commence design in FY 2017/18 of street improvements to be constructed in 2018/19.

Items 6, 7, and 12: Additional appropriations are requested to provide more part-time resources to assist in a project manager role for the implementation of the Hercules Regional Intermodal Transportation Center (RITC) and the Bayfront development. An existing part-time position filled at the Planning Manager level will transition from a 20 hour or less to a 32 hour per week position effective March 5th. This project manager role will support the City Manager, Public Works Director, and Planning Director in the planning and implementation activities for these important and high-profile efforts. This will include the identification of an application for grant funding for the RITC; securing commitments from partner agencies for service; management of future phase RITC design and construction; managing the City's obligations under the Bayfront Development Agreements; and, assisting with the entitlement process for future entitlements for Bayfront phases. The existing part-time position has been funded from a mix of developer reimbursements and funds budgeted in the Planning Department Budget. Reimbursements will continue to a source of funding for a portion of the hours as this project manager role will also support the entitlements for future Bayfront phases. In addition, a portion of the position will be funded from Measure J, Gas Tax, and Sewer funds given those are the primary funding sources for the City's infrastructure obligations for both the RITC and under the Development Agreements. A portion of the costs will also be funded from existing Professional Services budgeted in the City Manager's Office, though the funds will be utilized for part-time staffing instead. The total cost of a 32 hour per week position for the four months remaining in the 2017/18 fiscal is \$50,000 with the Gax Tax, Measure J and Sewer funds needing appropriation.

- Items 8 -9: Balancing adjustments needed to reflect grant activities.
- Items 10-11: Corrections needed in the Sewer Fund.
- Items 13-29: With the approval of the new three way agreement between BART, WestCAT and the City for the operation of the Hercules Transit Center, revenues and expenditures for this facility need to be appropriated in the Facilities Fund and not Redevelopment.

Items 30 – 40: Corrections required for amounts inadvertently not budgeted in the Facilities Fund.
