

STAFF REPORT TO THE CITY COUNCIL

DATE: Regular Meeting of May 22, 2018

TO: The Mayor and Members of the City Council

SUBMITTED BY: David Biggs, City Manager

SUBJECT: 2018 Development Site Update and Review

RECOMMENDED ACTION: Receive report, discuss, and provide direction if any.

FISCAL IMPACT OF RECOMMENDATION:

None as a result of this action. The successful development of remaining development sites can result in additional revenues for the City in the form of property tax, sales tax, hotel bed tax, utility users tax and other revenues. There will also be an increase in expenses associated with providing municipal services to these developments and depending on the type, new revenues may or may not exceed these incremental expenses.

DISCUSSION:

The City Council requested that an update on development sites in the City be made at a Council meeting in order to ensure the Council and community are informed of the current status and future plans for remaining sites. The last update of this type was provided on July 11, 2017.

Attached is a power point presentation which updates the presentation provided last year. Development sites are presented in two categories – committed or pending. Committed sites are those which have specific entitlements in place. Pending sites are those where there are pending development proposals or in the case of one site where there is a Development Agreement in place, or where there is active development interest.

In addition to the sites listed, there are a number of other possible in-fill sites where there is no current or pending activity or the possibility of development is further in the future. These sites include the current BART park & ride lot area, and a parcel east of Willow adjacent to Highway 4. In addition, there are remaining development sites in the North Shore Business Park including a number of areas where Bio-Rad can accommodate future expansion of their operations.
