Subject: County Library Commission Statement of Interest

Good Afternoon Christopher,

I have taken into consideration Commissioner Campbell-Miller's need to step down from his appointment as our City representative on the County Library Commission, and would like to share my interest in candidacy for the role.

Commissioner Campbell-Miller has shared his experience with me as well as his support for my consideration of the role. I have reflected on this, done some research on the County Commission, and confirmed my availability for their meeting dates. The above being true, I would like to formally share my interest, in hopes that, as our liaison, you will share my desire to represent Hercules on the County Library Commission with our esteemed City Council.

Please let me know if there's any information needed or any additional steps that I must take in order to share my interest.

Thank you Christopher.

Respectfully,

Angel

Dr. Evangelia Ward-Jackson
Community & Library Services Commissioner

Educational Sociolinguist
Divisional Director, MWA
Adjunct Professor, HNU
