

City of Hercules Finance Commission
Measure B and Measure C Annual Report
Fiscal Year Ending June 30, 2019

Purpose

This is the Annual Report by the Finance Commission as the Oversight Committee for Measure B - Transactions and Use Tax Revenues (originally adopted as Measure O in June 2012) and Measure C - Utility Users Tax Rate Revenues (originally adopted as Measure A in June 2013). This report fulfills the Finance Commission requirements specified in City of Hercules Municipal Code to:

- Provide oversight under Title 8 (Finance Revenue and Taxation), Chapter 9 (Temporary Transaction and Use Tax).
- Provide oversight under Title 8 (Finance Revenue and Taxation), Article 4 (Continuation of Increase to Utility Users Tax Rate).

Conclusions

Measure B:

For Fiscal Year ending June 30, 2019, local add-on half cent (0.50%) transaction and sales tax revenues approved by Hercules voters were spent in accordance with the voter approved Measure O adopted in June 2012 and subsequently extended by the voter approved Measure B adopted November 2015. Measure B would retain the half cent (0.50%) add-on until such time as the City Council determines it is no longer necessary.

Henceforth in this document, we will use Measure B to reference this voter approved measure.

Measure C:

For Fiscal Year ending June 30, 2019, incremental two percent (2%) Utility User Tax (UUT) funds approved by Hercules voters were spent in accordance with the voter approved Measure A adopted in June 2013 and subsequently extended by the voter approved Measure C adopted November 2015.

The City of Hercules established a UUT of six percent (6%) which will expire on January 1, 2025. In 2013 voters approved measure A which established a two percent (2%) increase to the UUT to a total of eight percent (8%) which would expire in 2018. In 2015 voters approved measure C which would extend the two percent (2%) UUT increase until January 1, 2025.

Henceforth in this document, we will use Measure C to reference this voter approved measures.

Long Term Financial Stability and Adequate Financial Reserves

The Finance Commission discussed the definition of long-term financial stability and adequate financial reserves on February 22, 2017, March 27, 2017 and May 22, 2017. The Finance Commission decided to use the criteria provided in the City of Hercules Statement of Financial Principles and Policies adopted by the City Council on December 15, 2015 to define “long term financial stability” and “adequate financial reserves.”

The Finance Commission determined that “long term financial stability” means that the City of Hercules is able to maintain “adequate financial reserves” as defined by the following Statement (from the Statement of Financial Principles and Policies adopted by the City Council on December 15, 2015):

“Establish, and then maintain, a “minimum reserve” for economic uncertainties equal to one month’s or 8.33% of expenditures of the current year General Fund budget exclusive of Non-spendable, Restricted, and Assigned fund balance with a goal of increasing that to two months or 16.66% of expenditures in the future.”

To fulfill the “adequate financial reserves” and “long term financial stability” requirements, the Finance Commission determined that the City must be able to maintain two months of reserves for the past five consecutive fiscal years and must also show that it could maintain at least the same reserve balance for the next five years in the Long-Term Financial forecast.

In addition, the City also has risk pertaining to unfunded liabilities related to the City’s CalPERS and Other Post Employment Benefit (OPEB) plans. Although the City’s funding ratio of 70% is considered adequate by the Fitch Credit rating agency, the unfunded liability balance will be increasing in the near future and will fluctuate based on actuarial assumptions.

The Annual Financial Report for the Fiscal Year ending June 30, 2019 summarized the objectives of the General Fund.

“General Fund - This fund is used to account for all revenue and expenditures necessary to carry out basic governmental activities of the City that are not accounted for through other funds. For the City, the General Fund includes such activities such as police, planning, engineering, public works, operations and maintenance, and legal and administrative services”.

The General Fund provides the funding for the issues expressed in the Measure “O” and Measure “A” ballot language:

- Measure O (MeasureB):** "Local Temporary Emergency Funding Measure. To address Hercules' Fiscal Emergency, stabilize city finances, offset budget shortfalls/the impact of State budget cuts on local services, prevent reductions to the number of police officers/crime investigators, protect/maintain crime prevention, childcare, youth sports and recreation programs and other general City services, shall the City of Hercules establish a 1/2 cent sales tax legally ending after 4 years.
- Measure A (Measure C):** “City of Hercules Fiscal Accountability/Services Protection Measure. To restore Hercules to financial stability, enhance fiscal accountability, continue to maintain our own local Police Department, and prevent drastic cuts to neighborhood police officers, youth/senior programs, and other services, shall Hercules modernize its utility users tax with equal treatment of taxpayers regardless of technology, increase the rate by 2% for 5 years, maintain current low-income exemptions, with citizens’ oversight, independent audits, and local control of revenues.”

Findings (cont)

Based on the impartial ballot analysis by the City Attorney, Measure “O” did not limit use of Measure “O” funding to a specific purpose:

“Because Measure O does not limit the use of tax revenue to a specific purpose, the proposed tax is a general tax, requiring a majority vote (approval by more than fifty percent (50%) of City voters voting in the election) for passage. Therefore, the City shall use the funds for a variety of purposes, including but not limited to addressing the City's Fiscal Emergency; increasing police officer staffing, which is below Recommended Safety Levels; maintaining current levels of emergency services; providing additional funding for neighborhood police patrols, emergency response times, crime prevention and investigation resources; earthquake preparedness; after-school programs for children and teens; senior services; and parks.”

Based on the impartial ballot analysis by the City Attorney, Measure “A” did not limit the Measure “A” funding to a specific purpose:

“Because Measure A does not limit the use of tax revenue to a specific purpose, the City may use the funds for a variety of purposes, including but not limited to maintaining financial stability and accountability; maintaining the Hercules Police Department; maintaining neighborhood police patrols, improving 9-1-1 response times; expanding neighborhood crime prevention programs; attracting business to Hercules; and preventing cuts to street maintenance.”

The City Council approved the City of Hercules budget for Fiscal Year 2019. However, the budget for Fiscal Year 2019 did not include any specific priorities for the use of Measure B or Measure C funds.

The City of Hercules increased its balance in the Fiscal Neutrality Fund to \$3,883,282 from June 30, 2018 to June 30, 2019. This balance as of June 30, 2019 equals 13.5% of the Final Total Expenditures for Fiscal Year ending June 30, 2019 of \$28,671,900.

Appendix 5: City of Hercules Statement of Financial Policies and Principles

(Adopted December 15, 2015)

Establishing certain generalized principles governing the financial affairs of the City is desirable to guide both the financial management and financial planning for the City. The City of Hercules is accountable to its citizens, employees, and other stakeholders for the use of public funds and the best management of resources. These Financial Principles will provide City staff with guidance in preparing and submitting the annual budget for the City and in the preparation of financial forecasts. The adoption of certain financial policies is necessary and appropriate to implement the financial principles and to help ensure financial sustainability and to improve the City's credit worthiness and bond rating.

Financial Principles

- Adopt a balanced operating budget by June 30th of each year for the following fiscal year without using General Fund undesignated fund balances or reserves. The budget thus adopted shall include expenditures necessary to provide for the well-being and safety of the community subject to available revenues.
- Fees for services shall be updated annually to recover, as much as possible, the cost of providing the services and to allow for the impacts of inflation, with fees not exceeding the cost of providing the service. In some instances, the City Council may elect to not recover the full cost of providing the service and the City Council shall determine the appropriate cost recovery level of individual services.
- Revenues in excess of expenditures at the end of a fiscal year shall be applied on a priority basis to satisfy the general fund reserve requirements, capital projects reserves, capital equipment reserves, and liability reserves before being appropriated for other uses.
- Current year operating expenditures shall be funded by current year operating revenues.
- Manage the City's finances as to ensure repayment of debt and improvement in the City's bond rating in order to minimize future issuance and interest costs to the City.
- Meet all financial reporting requirements in a timely manner and ensure appropriate internal controls are in place to ensure financial accountability.

Appendix 5: City of Hercules Statement of Financial Policies and Principles

General City Financial Policies

1. Employees are one of the most important assets of the City and should be compensated at an appropriate level and commensurately with the City's ability to pay.
2. Establish, and then maintain, a "minimum reserve" for economic uncertainties equal to one month's or 8.33% of expenditures of the current year General Fund budget exclusive of Non-spendable, Restricted, and Assigned fund balance with a goal of increasing that to two months or 16.66% of expenditures in the future.
3. The General fund reserve shall provide for meeting contingency needs, investment earnings, and shall serve as a cash flow reserve.
4. Provide for capital equipment replacement as necessary to achieve greater efficiency and effectiveness in the City's operations.
5. One time revenues shall be utilized for one-time expenditures or to enhance reserve funds as appropriate or necessary.
6. The City shall maintain, replace, and improve its infrastructure and the City shall set aside a reasonable and prudent amount of General Fund monies for capital projects including the repair of various facilities as part of its annual budget process to the greatest extent possible.

Revenue & Expenditure Policies

- Realistic and prudent estimates of revenues shall be used to maintain financial flexibility.
- Revenue raising alternatives shall be explored as necessary and the City shall pursue grants available to local government.
- Programs funded through user fees shall be self-supporting to the greatest extent possible or at a level proscribed by the City Council.
- Full recovery of overhead and internal services from grant and special or enterprise funds shall be pursued to the greatest extent possible and as permitted by the restrictions associated with each fund.
